

2019 Annual Report

Boulder Rotary Club Foundation

Introduction

2019 was one of the most successful years in the 26 year history of the Boulder Rotary Club Foundation (BRCF).

The Foundation granted more than \$162,000 towards worthy projects, from behavioral wellness to clean water, peace building, scholarships, and environmental sustainability.

To mark the 100th anniversary of the founding of the Boulder Rotary Club, The Foundation funded a Mindfulness Path and garden at Boulder Community Health, three water hydration stations across the city, and an expansion of the Peace Park in downtown Boulder, thanks to generous contributions from members and friends of Boulder Rotary.

Foundation funding, including grants from the Endowment for Education (E4E), provided scholarships totaling \$61,000 to students ranging from elementary school to traditional and vocational colleges, while total Foundation assets grew to \$951,816 due to wise financial investments.

Your BRCF is strong, and your contributions allow continued Good Work in our Community

Peace

A number of Peace projects received grants from the Foundation in 2019. Just one example is the International Peace Park in downtown Boulder

The Boulder Rotary Club, in partnership with the Boulder Rotary Club Foundation and the City of Boulder Parks and Recreation, undertook an enhancement of the International Peace Garden, originally dedicated on October 6, 1990. The enhanced environment aims to promote a culture of peace and environmental sustainability, cultivate personal emotional awareness, and build bridges across communities.

All visitors can experience concepts of peace, environmental sustainability, and community by following the Infinite Walk of Peace. Throughout this walk, they will encounter peace inscriptions embossed in stone benches, peace poles featuring sayings of peace and representing the City of Boulder Sister Cities, the Sister City Plaza, a kinetic sculpture, a pillar recognizing peace leaders in our community, and Montmorency cherry trees planted as a symbol of good fortune, new beginnings, and revival.

Youth Programs

A wide variety of youth programs are supported by Foundation grants. In 2019, these included Imagination Library, the regional Spelling Bee, the Peaceful Schools Project, and a variety of scholarship programs.

Nearly \$60,000 was gifted to youth programs in 2019, including the Leo Hill Vocational Scholarships, dedicated to assisting first generation and non-traditional students to attend the excellent Vocational Schools in Colorado.

In addition to grants previously mentioned, \$7,500 supported two international Exchange Students, and \$500 funded Journaling (pen pals) between 3rd graders and Boulder Rotary Club members.
